

January 1, 2005

RoHS Compliance Statement

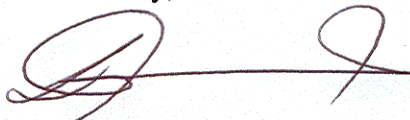

Keystone Electronics Corp. manufactures all catalog items in Catalog M1 to meet the RoHS guidelines for electronic components, and hardware. More than 90% of our existing inventory meets this requirement.

We are in the process of depleting all non-conforming inventories; this will be completed by June 1, 2005. After June 1, 2005 all Catalog items will comply with the requirements of the EU Directive for banned substances listed below.

- Lead
- Mercury
- Cadmium
- Hexavalent Chromium
- Polybrominated Biphenyls
- Polybrominated Diphenyl Ether
- Pentabromodiphenyl ether (PentaBDE)
- Octabromodiphenyl ether (OctaBDE)

If you should have any questions, please contact our Engineering Department.

Sincerely,

Larry Nembhard
Chief Engineer
